

Showcase

Authoritative V6 wireframe for the Showcase page. Full member gallery in justified layout — no per-photographer limit. Photographer filter strip and profile card grid. SiteHeader and SiteFooter are shared component placeholders only.

Inherits V6 00 BCC Design Principles, V6 01 SiteHeader, and V6 02 SiteFooter. Do not reinterpret those documents. Do not modify shared components.

ROUTE /showcase SECTIONS 5 — 0 conditional SHARED COMPONENTS SiteHeader · SiteFooter — placeholder only

PHOTOGRAPHY RULE Natural ratio · No object-fit:cover · Justified grid · No per-photographer limit

01 Page Architecture

BaseLayout composition for the Showcase page. Five sections — none conditional. The entire page is always visible publicly. Authentication is not required to browse photographs.

BASELAYOUT · ROUTE /SHOWCASE · 5 sections · 0 conditional · 2 shared		
01	• SiteHeader	Session-aware navigation — 6-state machine
02	• PageHero	"Our Members, On The Wall" — editorial context, no CTAs
03	• GalleryWall	All approved photos, no per-photographer limit, justified layout
04	• PhotographerProfiles	Grid of contributing members — avatar + name + bio + photoCount
05	• SiteFooter	Shared footer component — identical on every page

02 SiteHeader {session}

Session-aware navigation. Present on every page. Fully documented in V6 01 SiteHeader. Not redrawn here — placeholder only. "Showcase" nav item receives active bottom-border state.

• SITEHEADER {SESSION} — V6 01		SHARED COMPONENT PLACEHOLDER · DO NOT REDRAW
SHARED COMPONENT — V6 01 SiteHeader. Active page: "Showcase" nav item receives gold bottom-border. Session role resolves CTA rail per V6 01 6-state machine.		
ACTIVE NAV STATE	SESSION BEHAVIOUR	
"Showcase" nav item receives gold bottom-border active state. Handled by SiteHeader based on current route — no Showcase-specific override required.	All session states: full gallery visible. Guest: "Become a Member" gold CTA. Member: hub access CTA. No page-specific header modifications.	

03 PageHero — Our Members, On The Wall

Minimal editorial page header. Title, kicker, and a single line of context. No imagery. Page hero defers visual weight to the gallery below.

MEMBER SHOWCASE · /SHOWCASE		
Our members, on the wall. Every approved photograph from every member, displayed at its natural proportions. No cropping. No ranking. Photography as it was taken.		
WIREFRAME — Static copy. No dynamic data in PageHero. Amber top border: -gold-600 design token. No CTAs in PageHero — gallery is the conversion.		
PURPOSE	AMBER BORDER TOKEN	RESPONSIVE BEHAVIOUR
Editorial context for the gallery. Establishes the photography-first ethos without competing for visual attention. No CTAs — the gallery speaks. No imagery — hero defers to the wall below.	border-top: 3px solid -gold-600 --gold-600: #A8843C Consistent with Startband token usage on Home. Not decorative — do not remove or recolor.	Desktop: 72px padding · h1 64px Tablet: 48px padding · h1 48px Mobile: 32px padding · h1 clamp Max-width: 520px on description Amber border: always 3px

04 GalleryWall — Full Showcase

All approved gallery photographs. No per-photographer limit. Natural aspect ratios. Justified layout. Flickr justified algorithm. 8px gap. Viewfinder hover. Card links to /photographers/{username}.

FULL GALLERY — NO PER-PHOTOGRAPHER LIMIT. ALL APPROVED PHOTOS		CONTRAST TO HOME GALLERYWALL. MAX PER PHOTOGRAPHER, 12 PHOTOS ONLY.
JUSTIFIED LAYOUT — 8px gap. Variable row heights. Natural aspect ratios. Target ~240px. Infinite scroll or pagination (TBD implementation). Viewfinder hover per V6 00 hover spec. Filter: client-side tag filter on galleryPhotos().		
HOVER STATE — VIEWFINDER CORNERS + PHOTOGRAPHER OVERLAY		
HOVER	Corner brackets: 2px solid #FFFFFF Corner size: 16x16px · inset 18px Overlay: rgba(28,18,16, 0.45) Caption: photographer + title + activity Card link: /photographers/{username} No scale transform. No border-radius. Transition: all 0.25s ease	
DATA SOURCE	FILTER BEHAVIOUR	RESPONSIVE BEHAVIOUR
galleryPhotos() + /api/v1/gallery ?status=approved &limit=48 (or paginated) .imageurl (ImageKit CDN) .aspectRatio (natural, from EXIF) .title + .photographer.username .activity.name + .tags() No per-photographer limit.	Filter strip: activity/member tags All = show all approved photos Tag selected = filter by tag Client-side filter on loaded set Active tag: gold bg + white text Multi-select: TBD (Phase 2) Reset: All button always present	Desktop: justified rows ~240px Tablet 768px: 2-col natural stack Mobile 480px: 1-col natural stack Filter strip: horizontal scroll on mobile (no wrapping) Hover + persistent caption on touch/mobile devices

05 Photographer Profiles

Grid of contributing photographer profile cards below the gallery. Avatar, display name, short bio, photo count. Each card links to /photographers/{username}.

THE PHOTOGRAPHERS			
Meet the members behind the wall.			
 Arjun Mehta 34 photos · /photographers/arjunn Street and heritage photography across Bhopal's old city.	 Priya Sharma 28 photos · /photographers/priyas Wildlife and monsoon landscapes from central India.	 Rohit Verma 21 photos · /photographers/rohitv Architectural and documentary projects, Madhya Pradesh.	 Kavya Nair 17 photos · /photographers/kavyan Portraits and cultural events across Bhopal.
 Sanjay Patel 15 photos · /photographers/sanjayp Photowalk documentation and street candid work.	 Meera Iyer 12 photos · /photographers/meerai Long-exposure and night photography specialist.	 Dev Bhatia 9 photos · /photographers/devb Macro and nature photography from the Vindhyas.	 Ananya Singh 8 photos · /photographers/ananya Festival and community events photographer.
WIREFRAME — photographers[] from /api/v1/photographers?hasApprovedPhotos=true. Card = /photographers/{username}. Hover: gold outline + #FAF8F4 bg. Avatar: initials fallback if no upload.			
DATA SOURCE	CARD BEHAVIOUR	RESPONSIVE BEHAVIOUR	
photographers[] + /api/v1/photographers ?hasApprovedPhotos=true .displayName + .username .avatar (ImageKit or null) .bio (short form, 80 chars max) .approvedPhotoCount	Entire card: clickable link + /photographers/{username} Avatar: member upload + or initials Hover: gold outline + bg shift No transition animation Only members with ≥1 approved photo appear in grid.	Desktop: 4-col grid Tablet 768px: 3-col grid Mobile 480px: 2-col grid Avatar: 52px all viewpoints Bio: truncated at 80 chars with ellipsis if overflow	

06 SiteFooter

Single shared footer used on every page without modification. Fully documented in V6 02 SiteFooter. Not redrawn here.

• SITEFOOTER — V6 02		SHARED COMPONENT · DO NOT REDRAW · FROZEN

SHARED COMPONENT — V6 02 SiteFooter. No Showcase-page footer variant. Status: FROZEN.

07 Responsive Behaviour

All sections remain visible at all viewports. Gallery layout adapts. Filter strip scrolls horizontally on mobile. Photographer grid reduces columns.
